

UNITIZED ALUMINIUM FENESTRATION SYSTEMS

The Aluclip windows and door system is designed for the alternative building industry. Prefabricated in a factory ensuring all the material arrives to site assembled with factory standards of accuracy, 100% correct & ready for erection. It consists of two parts: an external ratchet frame and an inner glazed frame.

Benefits of Aluclip:

- Modular and assembled off site
- Variety wall thicknesses
- Delivered complete
- Permanent reveals (no plastering reveals)
- Windows - Sashes, Sliding, Fixed, etc
- Doors - Sliding, Stacking, Hinged doors, etc.
- Proudly South African
- 28mm, 38mm and 45mm Casement sash inserts
